Part one of our special anniversary discount list proved that coin collecting is a year-around pursuit; we received more orders from that offering than from any previous list since our #10 in March 1974. Considering that #10 was the Alvarez collection with more than a thousand different Latin crowns, we will be surprised if any list will ever break its record. So, we sincerely thank all of you who made our anniversary a memorable occasion!

Due to the tremendous response, and the generous comments, of the many of you who ordered from #38, we have been encouraged to issue this additional discount catalogue. You will note that many of the items offered herein have not previously been listed by us. Many are scarce and yet none are expensive. With the 20% discount, this list represents an unusual opportunity for the true collector to obtain 5 items for the price of 4.

* * * * *

The price in the second column is always in red ink (and is the only price printed in red.) It is our special 20th Anniversary discounted price with the 20% discount already subtracted. These red prices are the actual prices you will pay for any items from this Catalogue No. 39. No further discounts can be given to anybody.
